The yearly reports of the department of initial training for research and development

1. Project activity of PPS:

Share of PPS engaged in research work; The research work of the department of initial military training was organized and carried out in accordance with the requirements of regulatory legal acts, regulated by this region, PPS, issued with faculties of physical culture and primary training, Implemented in research projects, which were attended by employees of the Department of Primary Military Training, as well as representatives of higher education institutions and decisions of the University's Primary Education Council the directions of its development, as well as in compliance with the NIR plan for 2024. The research work carried out in the cafeteria provides full compliance with the national policy in the field of education, science and innovative development.

The main tasks of the cafeteria are: preparing report documents (standards) for specialized accreditation of educational programs of higher education 6v01401 – The initial training of the army "," 6v01408 - The initial preparation and physical culture"; Preparation of the most topical educational, educational and pedagogical and educational institutions and students for solving the most topical tasks. New social and economic conditions in Kazakhstan"; as well as participate in international and republican international research events and introduce the results of the NIR in the academic process.

The main forms of NIR, which are taken to the café for this period, are:

1.Participate in international, republican and scientific and practical conferences of universities held in KazNPU, Abai, other higher education institutions and organizations of the city of Almaty, the Republic of Kazakhstan, the near estuary and further abroad - no.

2.The list and preparation for publication of thethesis and report for research and practical conferences, research articles for the collectors of research work, and the publication of the report by the KazNPU.

Preparation for publication of academic and methodological benefits for students.

The number of employees of the department, performing research and development in 2024:

Total-16, among which:

- regular workers-12;
- added services-3;
- Heads - 1.

The research potential of the cafeteria (61% of the total number of employees) includes 5 regions of the world. among them are 1st doctor (1st soldier, Dzakubakynov B.B.), 2-PhD senior teacher (2-pedagogical: YerezhepovT.T., Ospankulov E.E.) there is a number 2 - associate professor; 2 candidates of sciences (1-medical, 1 - biology), as well as 8 masters of pedagogical sciences in the cafeteria (Islyamov B.B., Seitova A.L., Kunai S., Baigaliyeva A.M., Akhmetova G.B.). Sauytbekov M.E., Nazanova S.A., Mektepbergenov N.).

In the cafeteria, research is carried out on a variety of aspects of the army- pedagogical, psychological, pedagogical and medical-biologic disciplines, aimed at developing the theory of teaching and training in public institutions.

Assessment of the quality and implementation of science projects, financed ngos of the Republic of Kazakhstan, the level of their compliance with the educational program of the cafeteria (ensuring the implementation of the project in each CIS in compliance with the order of NSH No116):

- AP14872123 - "Development of the development of innovative and research potential of the Faculty of Research University" (November 18, 2022) 235/30-22-24 - contract);

"The acquisition of future teachers of primary education to the national value by creating a mobile educational environment "AP14872058-OT-24";

Irn BR21882318 "" formation of the system of formation of a grid communication culture of digital ethnocultural ethnographers and students in the "on-line community" university";

AP23488555 - "Developing the basis of the integration of metacognitive medicine in the conditions of modern schools and universities through the use of system educational institutions".

"AP22789025 - " transformation of intensive technologies into the digital higher education system".

The number of implemented domestic projects, financed by KazNPU, is 1 project.

The number of young people who receive university grants for the program of young people's incentive grants is no.

The main research projects financed through the funds of local executive bodies (MIO) or representatives of the business are not.

PpS university participates in NII projects and other research organizations of The Republic of Kazakhstan.

The number of projects and programs within the framework of international cooperation on the basis of international agreements is not.

The research with the use of digital platform-negotiable.

The application of modern research tools in research is not.

- New technologies, the development of new learning techniques are not.
- The level of contribution of young people to research projects is not.
- Realized PPS and training start-up projects are not.
- The number of patents and copyright evidence received within the framework of NIR PPS does not exist;
- There are no scholarships and state scholarships;
- In 2024, the regions of the Republic of Kazakhstan won the title "The Best Teaching Partner", "The Best Teacher of the World";
- Winners of international and/or state premiums in the field of education and technology - no;
- The number of teaching laboratories in the cafeteria is not;
- Equipping modern equipment for carrying out research in the report year- no.

The use of equipment for national collective laboratories and engineering laboratories is not carried out in the cafeteria.

The university held a number of events on image policy. In order to improve the university's image policy in 2024, the task of increasing the results of research work, which in figures has the following indicators:

1) published articles of education in a variety of sources - 13 (in 2024 - 13), among which:

- In the journals indexed in the scoopus-3 base;
- in the journals of the Presented NN RK-3;
- In countries even abroad-5;
- In the countries of the nearest abroad- no;
- In other journals of the Republic of Kazakhstan-6.

2. Nanometric indicators of PPS:

In 2024, the results of the research and research work of the "First Preparament" department of the cadets for the study activities of the members of the department for research directions were presented. The department of "initial training", which has a practical focus, is currently focusing on its own theorical research potential.

According to the results of 2024, the following results were summed up:

- Published article 3 in the journals of the FGBOU VO "NSC RK";

-In the journals with Impact - factor (Skopus) - 3 articles published article 3;

- produced monographs, textbooks and textbooks - 2.

In general, it is worth noting that practically all tasks, which are set by the staff of the cafes, are carried out.

3. The line of international and republican research cooperation:

In 2024, training courses for the training of 4 teachers were held in the cafete. It is obvious that the training courses are aimed at improving the sphere of education for every teacher and necessary for the process of learning the necessary skills.

4. Research activity of a student, undergraduate, doctoral student:

Students of the department of primary military training during their diploma work with foreign organizations, in particular, books, museums, use necessary materials for the preparation of diploma work.

Thus, information technologies in modern education, in the online mode, are used by bibs. The department also works with foreign and internal organizations in the graduate work. During the implementation of diploma work, scientific research and articles, scientific work seminars are held with scientific leaders and teachers, organized cafeterias.

KazNPU. Ahaya, head of the department of training, held the 79th conference of students and undergraduates on the section "Theory and the methodology of the initial training", in which 13 students took part and spoke with the report. According to the results of the conference:

1st place - Burakhan Ramazan Myrzakhanovich -student of 4 courses, 6v01408-initial military training and physical culture "modern problems of nwp training in public institutions and their way of solving".

Head of the Department of Education: Master, Old Teacher Talapov T.T.

2nd place - Zhansaya Amanbekovna - 4 courses, 6v01413 - Physical culture and sports, Military training "Military patriotic training in public institutions".

Head of the Department of Education: Master, Old Teacher Talapov T.T.

2nd place - Nurmukhamet Yerauletovich-student of 4 courses, 6v01408-initial military training and physical culture "Formation of the value disorientation of students through social and cultural activities".

Head of the Department of Education: Master, Old Teacher Baigaliev A.M.

3rd place - Tolepbergen Arsen Madenietovich - student of 4 courses, 6v01408 - Initial military training and physical culture "integration of primary military and physical training in school".

Head of the Department of Education: D.A., Associate Professor Dzakubakynov B.S.

3place Semen Seisebulan Seisenovich-student of 4 courses, 6v01408 - Initial military training and physical culture, "Future training of teachers in the field of technology of art in the training of future teachers".

Scientific Leader: Master, Old Teacher Nazanova S. A.

3place - Dukenbayev Diana Yuryevna - student of 4 courses, 6v01408 - Initial military training and physical culture», becoming a teacher of teaching culture and primary military and technological training".

Head of the Department of Education: Master, Old Teacher Talapov T.T.

Head of the Department of Education: Master, Old Teacher Talapov T.T.

Nomination "Oratormaster". Bazarbek Aibol Yeranovich-student of 4 courses, 6v01408-Initial military training and physical culture "improving the social activity of students of primary military training and physical culture through the introduction of events".

Head of the Department of Education: Master, Old Teacher Baigaliev A.M.

Nomination "Best presentation". Kuanysh Kairatovich-student Syatov took 4 courses, 6v01408- Initial military training and physical culture "the role of physical education in the healthy of people".

Head of the Department of Education: Master, Old Teacher Baigaliev A.M.

Completion

In general, the results of the calendar year, it is worth noting that practically all the tasks laid before the cafeteria have been fulfilled. In addition, despite the significant activity of scientific and research work, particularly the participation of teachers and students of the cafeteria in scientific and practical and scientific and theorological conferences and speeches, In preparation for training and teaching and methodological benefits, it is necessary to remain on the unscrupulated and some problems, eliminating and solving the problems that will allow them to get acquainted with the research and research work of the department. quality level.

As a matter of concept, the number of PPS cafes was reduced.

In addition to togo, Analysis of the work of the cafeteria employees in NIR, which are subjects of research activities, show that about 50% of this work is carried out in this category (Ospankulov E.E., Yerezhepov T.T., Dzhakubakin B.B.). At the same time, the ineffective functional ity of the teachers is a non-profit participation in the study. The service will last up to 20% of the time. The effectiveness of the science work of the faculty of the cafes in this direction. A number of employees are constantly engaged in the research work (Ospankulov E.E., YerezhepovT. T., Islyamov B.B., Dzakubakynov B.B.).

Faculty of physical culture and primary military training The parties will determine the next priority areas of research activity for 202 4 years.

1.Development of fundamental research in the Armistice, other armies and service formations of the Republic of Kazakhstan, in order to study the variety of activities and processes in the field of training of young people to the service, transferring the melodic theorems, treating them on the basis of the methodology of applied disciplines. With this purpose, develop a basic textbook on specialty 6b01401 – Initial training, 6B01408 – Initial training and physical culture".

2.Participate in the development and examination of projects of normative documents on the issues of specialization of the head of the higher educational institutions of the Republic of Kazakhstan.

3.Implementation of applied scientific research in the interests of the youth of the patriotic education of young people, as well as research aimed at improving the specialization of the content of training in the direction of activity of the department.

4.Carrying out research on disciplinary and interdisciplinary problems in the interest of ensuring the process of preparing skilled specialties Experts and development of educational and methodological documents for the preparation of highly skilled teaching staff (working curriculum, curriculum, basic textbooks, textbooks and methodological sets).

5.Introduction of students to research work, All-round development of their personal potential, the formation of a variety of personality characteristics, motivation for research and teaching activities.
